

## SNODLAND CEMETERY TABLE OF FEES

By the Town Council for the Town of Snodland, acting as the Burial Authority  
for the Town of Snodland fixed and settled from 1 April 2021

**Please note all fees will be increased by two and half times for non-residents of Snodland.**

**This difference reflects the contribution that parish residents make to the continuous running costs of the cemetery through the Parish Council precept.**

Preparation and placement fees for the cemetery include many separate services provided by the cemetery. Typically, the fee includes, but is not limited to:

- administration and permanent record keeping (determining ownership, obtaining permission and the completion of other documentation which may be required, entering the interment particulars in the interment register, maintaining all legal files);
- preparing the interment location to receive the deceased, placement and closing the grave (locating the grave and delineating the boundaries, excavating and filling the interment space, use of equipment);
- placement and removal of artificial grass dressing and/or matting at the grave site, levelling, tamping, topping up the soil on the grave site, laying of turf or seeding;
- perpetual maintenance of the site, including levelling and topping up the soil on the grave if the earth settles, grass cutting, maintenance and planting of the borders.
